BURMILANA 12

BURMILANA

Assortment of
147 Colours x *300m

1x3
stackable drawer box

Art. No. 005BURA

We recommend buying a full assortment. Why? ... six points to convince you:

1. You can see at a glance all colours for your embroidery design, planning and production and choose any combination.
2. Madeira Assortments include every uni colour. This allows immediate fast and flexible test runs without waiting for stock supplies.
3. As threads inside the drawer units are arranged in colour card order, the overview is clear. Matching with a full thread spool is easier than against a colour card.
4. Mix and match or tone on tone directly against the material is simple and easy!
5. A handy reference list of colours in numerical order is on the top of these practical drawer units.
6. Corresponding colour numbers printed inside the drawer, underneath each spool, makes putting away simple.

Full Assortments

For fine details and small embroidery designs, you can achieve more precision with these finer threads.

Example image

CLASSIC 60

Assortment of fine threads
85 Colours x 1500m
in 2 plastic boxes
Art. No. 005CL60
